### BASEBALL BY LOCAL CLUBS

Decision Quickly Reached by  
Brattleboro Athletic  
AssociationNO INTEREST NOW  
IN TWIN STATE BALLCommittee Named to Ascertain What  
Clubs Can Be Put in Field—Financial  
Statement for Past Season Shows  
Only Small Deficit.

It required only a very few minutes last evening for the few who attended the meeting of the Brattleboro Athletic Association in the Brooks House to decide to have baseball this spring and summer by local clubs. The casual mention of "Twin State baseball" resulted in the opinion, generally expressed, that there was no interest in such an organization locally at present.

President George E. Sherman of the association, August Wilson and F. R. Knight were named a committee to ascertain at once what organizations could be put in the field in time to have the season open before Memorial day. This committee will report in a few days.

The financial statement showed that gate receipts for the season amounted to \$473.23. From other sources \$83.07 was received and there was borrowed \$275, a total of \$741.30.

The expenses included \$272.10 for 40 uniforms, \$126.34 for having out and grading the diamond on the fair grounds, \$27 for baseballs, \$83 for umpires and gate tenders, \$14.75 for advertising and \$54.16 for the Keene and Claremont game expenses. This last item has an offset of \$27.25 which was taken in at the game that rainy day and which is accounted for in the total of receipts from "other sources."

There is a balance due of \$41.05 and \$45 to the Holden & Martin for the rental of the bleachers.

Considering that the association has uniforms, bleachers, a diamond upon which there is little work to be done to have it in far better condition than it was last year and all other essential equipment with the exception of balls, it is felt that there is no reason why this season should not close with a substantial cash balance.

It was said last evening that only \$25 would be needed to start the season by putting the diamond and outfield in first-class condition and for other minor preliminary expenses. The running expenses will consist only of the cost of an umpire and the price of baseballs used and pay for one gate tender.

#### FEDS LOSE TO GREENFIELD.

Visitors Had Margin of 25 Points Last  
Night — Will Bowl for Purse.

The Greenfield bowling team defeated the Feds on Buzzell's alley last evening, the score being 1,386 to 1,361. Scherlin of the Feds captured the high total, while Looney of the visitors took the single string honors. On April 26 in Greenfield these teams will bowl the first match for a purse of \$50.

#### Sporting Notes.

"Pie" Way has succeeded. It is announced in New York that Yale's star twirler for two years and first string tackle on the football team, who was dropped from collegiate sport because of alleged professionalism, has signed to play with the Giants. He will report after college closes.

Sherwood Magee, outfielder of the Braves, who was expected to be of such help to the team this season, will be laid up a month with a fractured bone in his left wrist. He was hit on the wrist with a ball pitched by Bender Wednesday, but the seriousness of the injury was not known until yesterday.

A baseball meeting has been called for Monday afternoon at 2 o'clock at the Draper hotel in Northampton, Mass., on request of Jack Zeller, manager of the Pittsfield team. It is expected that baseball leaders from North Adams, Pittsfield, Northampton, Greenfield, Fitchburg and Leominster will be present to discuss the prospect for a six-team league, comprising these places. Mr. Zeller will ask Northampton to put a team in the field, but is willing to place a team in Northampton himself if necessary.

#### STATE RIFLE TEAM OFFICERS.

Maj. G. E. Carpenter Captain and  
Capt. Willard P. Springer Coach.

General order No. 8 issued from the office of Adj. Gen. Lee S. Tillotson by command of Governor Gates is as follows:

1. The following are designated as officers of the state rifle team for the year 1916:  
Maj. George E. Carpenter, chief of ordnance, team captain.  
Capt. Willard P. Springer, A. I. S. A. P., 1st Inf., team coach.

2. The following medical officers have satisfactorily completed the course of instruction for the current year conducted by the sanitary inspector-instructor:

Maj. T. J. Hagan, year A course;  
Capt. E. E. Clark, year A course;  
First Lieut. H. W. Taylor, year A course; First Lieut. W. H. Mitchell, basic course.

3. Clinton C. Barnes, a graduate of Norwich university in the class of 1914, having been recommended by the president of said university, is hereby commissioned as an additional second lieutenant in the Vermont National Guard, with rank from April 1, 1916, under the provisions of section 5,024, public statutes of Vermont. In this capacity Mr. Barnes is not recognized under war department regulations as a member of the organized militia.

4. At a meeting of the board of armory commissioners held at Montpelier April 4, 1916, applications for the location of a state armory in the towns of St. Johnsbury, Northfield, Newport and Springfield were considered, and upon consideration of the same the board located the next state armory, the appropriation for which will become available July 1, 1916, at St. Johnsbury, for the use of Company D, 1st Inf.

#### D. A. R. AT THE WHITE HOUSE.

President and Mrs. Wilson Give Reception to Delegates.

WASHINGTON, April 21.—President and Mrs. Wilson yesterday received several thousand members of the Daughters of the American Revolution here for their annual congress and of the Children of the American Revolution. For nearly two hours the women filed through the blue room of the White House while the Marine band played patriotic music. Mrs. William Cummings Storey, president general of the D. A. R., received in another room. Last night the members were guests of the Southern society at a reception.

The D. A. R. congress yesterday elected Mrs. Amos G. Draper of the District of Columbia, editor of the organization's magazine. Mrs. John Newman Carey of Indiana, was declared elected honorary vice-president general, reversing a ruling made after the voting yesterday that there had been no choice because an insufficient total vote had been cast.

An elephant has more muscles in its trunk than any other creature has in its entire body.

## INDUSTRIAL CLUB

### EXPERTS SPEAK

National and State Organizers Address  
Joint Meeting of Parent-Teacher  
Associations Here.

O. H. Benson of Washington, D. C., national organizer of the Boys' and Girls' Industrial clubs, spoke yesterday afternoon in the high school room to members of the Parent-Teacher associations of the Main street, Canal street and Oak Grove schools and to 400 boys and girls, who are members of the various industrial clubs that have been formed recently in Brattleboro.

He told the children to achieve results by sticking to their tasks and advised parents to remember that a child did not like to be asked to do childish things, but had the ambition to be doing things worth while. Cooperation between parents, teachers and pupils is essential to the greatest success, he said.

Mr. Benson was accompanied by E. L. Ingalls, state agent of Vermont for boys' and girls' work, who supplemented the talk by Mr. Benson by telling of a fund that had been given to aid in promoting the club work that was to be devoted to prizes for a pig raising club. At the close of the formal meeting Mr. Ingalls was besieged by several boys who were anxious for detailed information about the pig raising club. Supt. G. B. Whitney of the Townshend district and Supt. Michaels of the South Londonderry district were among those present.

Before the meeting Mr. Benson and Mr. Ingalls conferred with officers of the various Parent-Teacher associations especially with reference to the engagement of a playground supervisor, funds for the employment of whom it is planned to raise by giving a tagent next month in which the participants will be school children.

Mr. Benson was secured to speak here after it was learned that he was to come to Vermont to speak in Lyndonville, where the first industrial boys' and girls' clubs in the state were formed.

#### U. S. TO RECEIVE DYESTUFFS.

Germany Agrees to Permit Shipment  
of 15,000 Tons.

WASHINGTON, April 21.—The German government has agreed to permit exportation to the United States of 15,000 tons of dyestuffs lack of which has seriously affected American textile manufacturing. Notification of this effect was contained in a note delivered today by Count von Bernstorff, the German ambassador, to Secretary Lansing.

The communication explains that while Germany refused at first to permit exportation of dyestuffs unless they be exchanged for American goods now excluded from Germany by the British blockade, after careful consideration of the situation it has been seen "that this blockade has resulted in serious embarrassment to these American industries which are in need of dyestuffs" and the imperial government now is prepared to make "a single exception" in permitting exportation in this instance. It is required only that the dyestuffs shall be consumed by American manufacturers and not re-exported to Great Britain or her allies.

It is expected that the state department immediately will make arrangements to Great Britain to insure the safe arrival of the dyestuffs in this country.

The concession made by Germany is the result of a long series of negotiations between the state department and the German embassy. Small quantities of dyestuffs have from time to time been released by Germany for use of the United States bureau of engraving and printing. This is the first large shipment for commercial purposes which has been permitted.

Dallas, Tex., is to have an interurban railway terminal station to cost \$1,500,000.

The average annual egg yield of each hen in the United States is 70. The record is 303.

#### WEST BRATTLEBORO

Walter M. Robbins has bought a new

Buick Six touring car.

Miss Eva Reed, who is undergoing medical treatment in the Melrose hospital, is slowly improving.

D. W. Wilder and family are moving today from Alouzo Stowe's house to the downstairs apartment in Miss Kate Wheeler's house.

Mrs. Wells and daughter of Cambridge, Mass., came yesterday and are week-end guests in the home of Mrs. Well's daughter, Mrs. Frank R. Dye.

Miss M. A. Parmelee of West Northfield, Mass., who had been spending a week here with Mrs. E. H. Davenport, returned to her home yesterday afternoon.

Supt. and Mrs. H. E. Moffit's household goods have arrived from Boston and they are moving this week into the upstairs apartment in H. C. Squires' house. They are boarding for the present at D. W. Harris's.

Miss Ruth Prentiss, who is attending the Skidmore School of Art at Saratoga, N. Y., came today to visit a week with her parents, Mr. and Mrs. C. R. Prentiss. Miss Prentiss stopped a few days on her way here in West Rutland with her sister, Mrs. J. Denton Smith.

A new telephone receiver is so small that it can be inserted into the ear instead of being held against it.
